

# ECONOMICS MINOR

---

The economics minor complements a wide variety of majors. Students are able to apply the skills and theory learned in introductory courses to their primary areas of interest.

For a 15-credit minor in Economics, students complete the following:

<b>Code</b>	<b>Title</b>	<b>Credits</b>
ECON 1011	Introduction to Microeconomics	3
ECON 1012	Introduction to Macroeconomics	3
Select three elective courses in Economics		9
<b>Total Credits</b>		<b>15</b>

No more than one 2000-level economics course may be counted toward the minor.
