GMAT Exam

The Graduate Management Admission Test is a test of aptitude rather than a test of business knowledge per se. The test, offered throughout the year at local computer labs and administered by Pearson VUE, examines two areas: verbal and quantitative. A score is earned in each area and the scores are added together for a total GMAT score that ranges between 200 and 800. The actual required score for admission of an individual candidate into the program depends upon the cumulative grade point average earned in undergraduate work and an assessment of all parts of the candidate's application dossier. As detailed under admission criteria, the GMAT Exam requirement can be waived in certain circumstances. For more information on the GMAT, visit mba.com.

Mandatory Immunizations

Connecticut State law requires each full-time or matriculated student to provide proof of immunity or screening against measles, mumps, rubella, varicella (chickenpox), meningitis and tuberculosis. Certain exemptions based on age and housing status apply. Matriculating students are defined as those enrolled in a degree seeking program or an in-person certificate program. More detailed information on the required immunizations and how to submit the required documentation is available online at www.fairfield.edu/immunization. Although compliance with University immunization requirements is not required to complete an application, you must provide proof of immunity/screening prior to course registration. Please note, students who are enrolling in 100% online programs with no intention of coming to campus may be exempt from providing immunization records. Please consult the Student Health Center to determine what documentation may be required as an online student. Questions may be directed to the Student Health Center: 203-254-4000 x2241 or email health@fairfield.edu.
