BUSN 1101 Messaging and Persuasion: Effective Business Communication

3 Credits

Attributes: MWID Magis Core: Writing in the Discipline

This course is designed to immerse students in the use of various platforms through which to communicate. At times they will make a face-to-face presentation, at other times they will need to craft a convincing and accurate e-mail, and at still other times they will be distilling their analysis of an extensive data set into a clear and comprehensive research report or business document. We will be called upon to deliver difficult messages to peers and superiors, to the media, or to customers. All of these activities require communication skills and also the ability to choose and manage appropriate media platforms. The goal of this course is to provide students with the written, verbal, and non-verbal skills necessary to be effective communicators.
