

COUNSELING (COUN)

COUN 5410 Grief and Loss Counseling 3 Credits

The focus of this course is on developing sensitivity, knowledge, and practical skills working with grief, bereavement, and end of life issues in counseling and cross-cultural approaches. It is designed to inform students how loss is a pervasive, natural process of life and with skilled understanding and intervention can provide healing, meaning, and transformation to self and others. The impact of religious and spiritual belief systems on bereavement, grief, and loss will be covered. Family interventions and conceptualizing grief and loss from a systems perspective will be discussed. This course is an advanced graduate course that includes interpersonal, interactive, and affective content and experiences. This course is open only to matriculated counselor education candidates; others by permission of the department chair. Previously CN 0410.

COUN 5432 Clinical Mental Health Counseling: Management, Delivery, and Evaluation 3 Credits

Designed to familiarize candidates with the workings of community-based human service programs, this course focuses on organizational structure, agency goals and human resources, program development, needs assessment, grant writing, consultation roles, and program evaluation. Previously CN 0432.

COUN 5433 Multicultural Issues in Counseling 3 Credits

Candidates examine issues in counseling individuals and families from diverse ethnic, cultural, racial, and socioeconomic backgrounds and discuss the social, educational, economic, and behavioral factors that impact clinical work. The course addresses counseling men, women, and couples, and the issues of gender role stereotyping and changing sex roles, and integrates professional contributions from individual counseling and family therapy literature. Previously CN 0433.

COUN 5446 Spirituality and Counseling 3 Credits

An introductory course in the exploration of developmental models and clinical interventions related to the interface of spirituality and counseling. The focus of this course is on developing knowledge and practical skills in working with spiritual and religious issues in counseling. This course is an advanced graduate course that includes interpersonal, interactive, and affective content and experiences. Previously CN 0446.

COUN 5447 Lifespan Human Development 3 Credits

This course explores the processes of individual and family development from childhood through old age. Presenting theoretical perspectives for studying child, adolescent, adult, and family development, the course examines the modification of family structures over time and psychosocial development within family systems and cultural contexts. Crosslisted with MFTH 5447. Previously CN 0447.

COUN 5454 Introduction to Counseling Children and Adolescents 3 Credits

Prerequisites: COUN 5447, COUN 5501, COUN 5553.
This course provides an overview of theories and research pertinent to counseling children and adolescents. Candidates examine factors that promote and hinder healthy human development and receive information regarding assessment, counseling process, and evaluation process unique to working with children and adolescents. The course addresses multicultural dynamics and identifies issues relevant to divorce, grieving, and coping with crisis. Procedures include activities designed to help candidates conceptualize an ecosystemic framework for the counseling process. Previously CN 0454.

COUN 5457 Career Development: Theory and Practice 3 Credits **Fee:** \$70 GSEAP Lab Fee

This course explores theories of career development across the lifespan and applications used in practice. Career assessment tools, world of work information, and the career counseling process are included. Previously CN 0457.

COUN 5465 Introduction to Substance Abuse and Addictions 3 Credits

Candidates explore basic information about the history and current use and abuse of various drugs and alcohol. Topics include addiction, 12-step programs, physiological effects, FAS, COAs, and family systems, as well as culturally relevant prevention, intervention, and treatment strategies for individuals and families. This course is an advanced graduate course that includes interpersonal, interactive, and affective content and experiences. Crosslisted with MFTH 5465. Previously CN 0465.

COUN 5468 Professional Issues in Counseling 3 Credits

This course provides an orientation to the counseling profession, including the history of professional counseling, professional identity, the social, economic, and philosophical bases of the profession, the major legal and ethical issues facing the profession, and current and future issues and trends in counseling. Previously CN 0468.

COUN 5501 Theories of Counseling and Psychotherapy 3 Credits

This course examines philosophical bases for counseling theory, ethical and professional issues, and various theories that contribute to the practice of professional counseling, including psychoanalytic, humanistic/existential, cognitive/behavioral, and systemic approaches. Previously CN 0500.

COUN 5531 School Counseling: Procedures, Organization, and Evaluation 3 Credits

This course provides candidates with the information necessary to apply basic counseling knowledge and skills in a school setting. The American School Counseling Association (ASCA) and Connecticut school counseling models are presented, and issues pertinent to working in the school system are explored. Previously CN 0531.

COUN 5553 Counseling Relationships and Skills 3 Credits

This introductory course equips candidates with various techniques of interpersonal communication and assessment, and reviews their application in counseling. The course emphasizes role-playing with the use of videotape and two-way mirror observation. Previously CN 0553.

COUN 5900 Special Topics (Shell) 1-3 Credits

This course explores advanced topics in the field of counselor education. Topics vary each term, are determined by the counselor education department chair, and reflect current trends and themes in the field of counseling. Previously CN 0403.

COUN 6455 Group Work: Theory and Practice 3 Credits **Prerequisites:** COUN 5501, COUN 5553.

This course focuses on the broad methodology of group work and theories and tasks in interpersonal and multicultural contexts. Candidates observe the nature of their interactions with others and enhance their knowledge about the nature of groups and the current theories and models. Understanding of group work with substance abusers will be explored. This course includes an experiential component. Previously CN 0455.

COUN 6467 Assessment in Counseling**3 Credits****Fee:** \$70 GSEAP Lab Fee**Prerequisite:** COUN 5553.

This course establishes an understanding of principles and procedures associated with standardized and non-standardized assessment in community and school settings. Candidates acquire skills necessary for conducting basic assessments and explore principles of diagnosis, individual, group, and environmental assessments. The course includes an overview of intelligence, attitude, interest, motivation, aptitude, achievement, personality, adjustment, and development; examines legal, ethical, and multicultural concerns; and presents considerations unique to individuals with special needs. Previously CN 0467.

COUN 6515 Trauma and Crisis Intervention**3 Credits**

This course addresses current theory, research, and models relevant to trauma and crisis intervention. Specific focus will be placed on understanding the role of spirituality, across cultures, in counseling children, men, women, and families. In addition, skills essential for response to trauma while working with groups will be addressed. Conceptualization from a systems perspective will be addressed. Forgiveness, hardiness, resiliency, and the dynamics of violence, religious and political, will be discussed. Emphasis will be placed on understanding the role of spirituality while working with individuals and groups. An overview of the affective, behavioral, cognitive, and neurological sequelae in response to trauma and crisis will be discussed, with emphasis on skills essential for crisis intervention, including assessment of safety and security concerns, triage, lethality, mass disaster, death notification, suicide, murder, and natural disaster. In addition, models essential for the care of the caregiver will be identified. The course's instructional format will combine experiential, demonstration, and discussion methods. Active learning is essential to continued development. This course is an advanced graduate course that includes interpersonal, interactive, and affective content and experiences. This course is open only to matriculated counselor education candidates. Previously CN 0515.

COUN 6524 Domestic Violence in Nicaragua**3 Credits****Prerequisite:** COUN 5553.

The course is designed to provide students with an opportunity to work outside of the country in Nicaragua. Specifically, students will work with groups of women from two rural villages on issues of gender equality and violence against women. The course is structured such that students will be required to meet throughout the summer, learning about Nicaraguan culture and laws, and designing a training program. Students will then travel to Nicaragua and provide training. This course is open only to students matriculated in the Counselor Education program. Previously CN 0524.

COUN 6525 Spirituality and Wellness**3 Credits**

This course provides a holistic approach to wellness integrating mind, body, and spirit interventions into the counseling process. An overview of wellness models, assessment tools, and spiritual practices as strength resources will be explored. Students will explore lifespan and cross cultural influences on wellness. Development of wellness and prevention plans and research on health and spirituality will be a focus. This course is an advanced graduate course that includes interpersonal, interactive, and affective content and experiences. Previously CN 0525.

COUN 6533 Advanced Multicultural Counseling Strategies and Skills**3 Credits****Prerequisite:** COUN 5433, COUN 5553.

This course provides in-depth opportunities for students to deepen and expand their multicultural competencies and counseling skills for working with diverse belief systems and populations. Exploration of diverse spiritual, religious, ethnic, and systemic belief systems will allow students to develop cross-cultural competencies and understanding of the impact of the cultural context on the therapeutic process. Topics included will be pedagogy of the oppressed, religious violence and trauma, and refugee and immigration concerns. This course is an advanced graduate course that includes interpersonal, interactive, and affective content and experiences. Previously CN 0533.

COUN 6555 Substance Abuse Counseling: Skills and Strategies**3 Credits****Prerequisite:** COUN 5465.

This course focuses on learning, practicing, and developing counseling skills and strategies as they relate to substance abuse counseling. An overview of assessment, treatment planning, relapse prevention, and recovery will be explored. The course addresses theories that are fundamental to addiction counseling with emphasis on the relationship between theory and the practice of effective skills. Candidates will reflect on their roles as counselors and define the qualities, knowledge, and essential skills to become a competent, ethical, culturally aware counselor in training specific to the treatment of substance abuse. This course is an advanced graduate course that includes interpersonal, interactive, and affective content and experiences. Previously CN 0555.

COUN 6557 Co-occurring Disorders in Substance Abuse and Addictions Counseling**3 Credits****Prerequisite:** COUN 5465.

This course will introduce students to major concepts in the treatment of co-occurring substance use disorders and mental health disorders. Students will develop an awareness of the unique challenges that face clients who are struggling with multiple diagnoses. Students will practice conducting assessments, recovery plans, counseling skills and continuum of care issues relevant to the recovery process for this special population. Combines didactic and experiential learning opportunities. This course is an advanced graduate course that includes interpersonal, interactive, and affective content and experiences. Previously CN 0557.

COUN 6566 Substance Abuse and the Family**3 Credits****Prerequisite:** COUN 5465.

This course brings together substance abuse studies and family systems approaches. Students are presented with a knowledge base of skills and methods for assessing and treating family systems. The course identifies the addictive and intergenerational patterns within families. Students are encouraged to reflect upon the theoretical frameworks to understand and create interventions for alcoholic and substance-abusing family systems. Relational clinical models including developmental, systemic, solution-focused, and narrative approaches are reviewed and evaluated. The course examines the history and methods of treatment models. Issues of social justice are emphasized in a review of socio-cultural and social policy that influence family behaviors and treatment. This course is an advanced graduate course that includes interpersonal, interactive, and affective content and experiences. Crosslisted with MFTH 6566. Previously CN 0565.

COUN 6568 Research Methodology**3 Credits**

This course covers statistical procedures and research design for the consumer of human services research, with an emphasis on program evaluation, understanding the inferential potential of statistical procedures, and evaluating published research. Candidates focus on research in their respective disciplines. Previously CN 0566.

COUN 6585 Introduction to Clinical Supervision 3 Credits**Prerequisite:** COUN 6950.

Intended for post-master's degree practitioners in counseling, marriage and family therapy, psychology, or social work, who are engaged in the practice of clinical supervision or preparing to become supervisors, this course covers major conceptual approaches to supervision, supervision methods, evaluation of supervisees, ethical and legal issues, and additional variables that affect supervision. The course offers experiential components to supplement didactic material. Previously CN 0585.

COUN 6950 Counseling Practicum 3 Credits**Prerequisite:** Completion of core requirements and practicum review.

Candidates develop their individual, group, and consultation skills in this course through placement in a counseling setting, while receiving individual and group supervision on campus weekly. Participation requires audio recording at the practicum site for supervision and demonstration of diagnosis and treatment planning skills. Additional requirements include 100 clock hours, including 40 direct service hours. Candidates may repeat this course once for credit. Open only to matriculated students in Counselor Education. Previously CN 0558.

COUN 6981C Internship: Clinical Mental Health Counseling 3 or 6 Credits**Prerequisite:** COUN 6950.

In clinical mental health counseling setting placements consistent with their career goals, candidate interns receive individual supervision. University faculty conduct weekly group supervision on campus that includes an emphasis on clinical work, prevention, and consultation, as well as professional issues related to practice. Internship requirements include 600 clock hours, including 240 direct service hours. Candidates arrange their internships with the assistance of the clinical coordinator. Previously CN 0590C.

COUN 6981S Internship: School Counseling 3 or 6 Credits**Prerequisite:** COUN 6950.

In elementary, middle, and/or secondary school setting placements, candidate interns receive individual supervision. University faculty conduct weekly group supervision on campus that includes an emphasis on clinical work, prevention, and consultation, as well as professional issues related to practice. Internship requirements include 700 clock hours over 10 months, including 240 direct service hours. Candidates make their internship arrangements with the assistance of the clinical coordinator. Previously CN 0590S.

COUN 6982C Cont Clin Mntl Hlth Internship 1-3 Credits**Prerequisite:** COUN 6981C.

This course is a continuation of COUN 6981C. Faculty conduct weekly group supervision on campus that includes an emphasis on clinical work, prevention, and consultation as well as professional issues related to practice. This continuation course ensures that interns complete the required 600 clock hours including 240 direct service hours. Previously CN 0591C.

COUN 6990 Independent Study 3-6 Credits

Candidates undertake individual projects in consultation with a faculty member, based on proposals submitted one semester in advance. Previously CN 0595.

COUN 6999C Comprehensive Exam in Clinical Mental Health Counseling 0 Credits

The Counselor Preparation Comprehensive Exam (CPCE) is a standardized multiple-choice exam with 120 questions that requires Clinical Mental Health Counseling candidates to demonstrate understanding and mastery of content reflecting the eight core CACREP areas. It is highly recommended that candidates complete their comprehensive exam during their penultimate semester. Previously CN 0099.

COUN 6999S Comprehensive Exam in School Counseling 0 Credits

The Counselor Preparation Comprehensive Exam (CPCE) is a standardized multiple-choice exam with 120 questions that requires School Counseling candidates to demonstrate understanding and mastery of content reflecting the eight core CACREP areas. It is highly recommended that candidates complete their comprehensive exam during their penultimate semester. Previously CN 0098.
