Honors and the Core Curriculum

HONR 1101 Enduring Questions courses satisfy *Magis* Core requirements based on the discipline of the course and also satisfy the Interdisciplinary signature element requirement of the *Magis* Core. Other Honors courses may fulfill signature elements of the core at the same time that they fulfill *Magis* Core and Honors Curriculum requirements, if the honors course has that signature element designation.

For team-taught classes (HONR 1101 and any team-taught sections of HONR 2202), if courses are approved for more than one disciplinary *Magis* core requirement, students can earn only one of the two possible disciplinary *Magis* core requirements.

Each section of HONR 2202 Honors Seminar satisfies a designated *Magis* Core requirement based on the discipline of the course. In the case of History, Mathematics, Philosophy, and Religious Studies, the seminar may satisfy a *Magis* Core requirement in either the Orientation Tier or the Exploration Tier.

Students may take additional sections of HONR 2202 beyond the three required, with the permission of the program directors.
